

Safe Schools Coalition Australia (SSCA)

CNI is playing a strong role in making State politicians and the public aware of the dangers of this programme and why it should not be adopted in Western Australian Schools. The West Australian Newspaper featured the SSCA in its 12th March, 2015 edition. It is clear that taxpayers' money, ostensibly allocated to prevent bullying in schools, is intended to be used by SSCA to normalize homosexual behaviour and actually promote this in the school environment.
