Warm Personal Greetings

Further to my call to your Electorate Office today, here are the papers that I have sent to Craig Kelly. I have asked him to involve the Back Bench Members to fight to get rid of the RET, now the Finkel proposed CET.

Noting remarks, attributed to you in The West Australian today, suggesting that "Australia pulls the pin on its international emission reduction targets" I thought I would speed up the process.

We, at CNI, hope that what you have suggested and what we are recommending can be achieved.

Australia and the Coalition Government need more people like you with the integrity and foresight needed to get the nation back on track.

We will assist in any way we can; please let us know.

With best wishes

Sincerely

Denis Whitely
